

Status Bar

The Status Bar summarises various pieces of information about the currently active tasklist.

1. Displays the full path to the currently active (or only) tasklist
2. Indicates the number of times the tasklist has been saved (aka its 'version')
3. Shows the number of visible tasks against the total number of tasks. Useful when a filter is active.
4. Shows the number of tasks currently selected. If only one task is selected the task ID is shown in brackets.
5. Displays the accumulated time estimate for the selected tasks.
6. Displays the accumulated time spent for the selected tasks.
7. Indicates the field which is actively focused.
